The Chief Secretary to the Government
of His Hig ness the Maharaja of Mysore,
Bangalore.

Sir,

Subject:- Grant of Washing Allowance to inferior servants - sanction requested.

--

I have the honour to state that the peons of the Civil Supplies Department are paid As.8/- per month per head towards washing allowance for the uniforms supplied to them at Governme cost. Sanction accorded by the Government of India for payment of the allowance is only upto 30-9-1947 vide Secretary to the Hon'ble the Resident's No.D.F.133-45/Accts. dated 24th April 1947 (Copy enclosed).

The expenditure is met from "Contingent Charges" of the Department and necessary provision has been made in the curren years budget for payment till end of February 1948.

I have the honour to be,
Sir,
Your most obedient servant,

COLLECTOR & CONTROLLER OF C.S.

This space should not be used.

3. The name and address to which the message is to be sent should be written in English in large block letters measuring at least a quarter of an inch in height and wholly within the panel provided.

4. A miniature photographic negative of the message and the address will be made at Bombay or Calcutta and sent therefrom throughout by air to destination where a photographic print, measuring about 5 inches by 4 inches, will be made and delivered to the addressee enclosed in a cover. It is, therefore, important that the message should be written clearly. Very small writing is quite unsuitable.

5. To obtain best results, it is advisable to write airgraphs in black ink. The use of pencil is not recommended, but if it is at all used, it must be a very soft pencil. A typewriter may be used, except for the address. The message may be written in any language as long as it is clear. The whole message should be in one medium only, whether ink, pencil or typewriter, but the address should always be in large English block letters and should never be typewritten. Communication in code is not permitted, except by authorised approved Banks which are permitted to use private authenticating cypher expressions as in telegrams or by the Field Controller and other Controllers of Military Accounts to Military Formations in the United Kingdom. It is not permissible to affix photographs, snapshots, artistic pictures, etc., on airgraphs; but manuscript drawings or sketches in ink or pencil, if harmless, are not prohibited.

6. If it is desired to send more than one airgraph, the name and address of the sender and of the addressee must be inserted on each such form and all the forms must be pinned together from inside.

7. The completed form should preferably be handed in at any post office or forwarded direct in a cover addressed to "Airgraph Section, General Post Office, Calcutta," if posted in Bengal, Assam, Bihar or Orissa, and to "Airgraph Section, General Post Office, Bombay," if posted in any other part of India. In the case of direct posting, a large size cover, which should not be less than 8 ¼ inches long, should be used. The form should be folded parallel to the printed instructions only and not more than twice. The outer cover addressed as indicated is not required to be stamped.

8. Airgraphs sent by members of His Majesty's Forces should be franked by the Officer Commanding or some other responsible officer of the unit who should also state his rank and designation in the space provided for the purpose on the form.

9. The original airgraphs will be retained by the Post Office and eventually destroyed.

9) The collector has forwarded a copy of the current years budget estimates of the civil Supplies Department civil station Bangalore, which includes a provision of Rs. 24000/- under the head "Contingencies" for the period from 1-4-1947 to 31-3-1948. Against the above provision the total expenditure incurred up-to-date is stated to be Rs. 12,787-2-3 which leaves a balance of Rs. 11212-13-9, for use during the remaining part of the current year. He has also stated that the proposal to grant a working allowance @ eight annas per head per month for 70 peons of the civil Supplies Department entails a total expenditure of Rs. 210/ only till the end of March 1948 and that this amount can be easily met out of the current years budget grant. His proposal is for orders.

10) The collector has not stated whether such expenditure was incurred last year or whether it is a new item proposed by him. It is not perhaps usual to sanction "Working allowance" (either regularly or occasionally) to peons
